Insurance – What If?

What happens if you get a flat tire on the way to the airport, an unwelcome bug decides to hit you with a nasty cold or if you throw your back out hoisting the sails? Last minute conflicts occur all too often with members. If an unexpected event causes a change of plans, you are able to recoup your investment if your vacation is protected. Please email Nancy at nweeks@singlestravelintl.com today to get a quote for a trip protection package. It's more reasonable than you think! **If you have purchased travel insurance, make sure you take a copy of your policy and emergency and contact phone numbers with you in case you need assistance.**

Passports and Visas

A passport is required to travel and must be valid for at least 6 months after return (June 22, 2019). If you do not have one or need a new one, US travelers may contact the US State Department Passport Office in your area immediately or visit <http://www.travel.state.gov/>. Non-U.S. citizens are responsible for required documentation. Please check with your local consulate for any needed passports or visas for entry into each country on our itinerary. We recommend that you also make a copy of your passport and carry it with you on your trip packed in a separate location.

Airport

If we've made your flight arrangements, you received an e-ticket confirmation at the time of booking. We recommend that you print your boarding pass from the airline website 24 hours prior to departure. It is required that you check in at the airport at least 2 hours before departure, and you present your valid passport.

At the airport, you may change your original seat assignment, and this is the best time to do it for all flights continuing on the same day. Verify that the airline has a record of your frequent flier number on the reservation. Abide by the airline's carry-on luggage restrictions, and note that all liquids, gels and aerosols must be in three-ounce or smaller containers. Larger containers that are half-full or toothpaste tubes rolled up are not allowed. All items must be stored in a clear, 1 quart, zip lock bag.

Baggage

Recently, major airlines have changed their policy regarding checked baggage. We recommend that you visit your carrier's website or call them directly for up-to-date information about baggage allowance, weight restrictions and fees.

Delayed Luggage

In the event that your checked luggage is delayed upon arrival, please make your claim with a representative from your arrival carrier, prior to leaving the baggage claim area. Complete the appropriate paperwork to allow them to trace your luggage, get a copy of the report and request a contact number. Once you have completed the claim, inform our STI Concierge, June Moore, so she may assist with the situation.

*** GENERAL INFORMATION ***

Weather and Attire

Theme Nights:

December 16: Putting on the Glitz – Avalon is a mostly casual, so let's bring it up a notch for dinner tonight!

December 18: Color Me Christmas – Dive into the holiday spirit and dress in your favorite holiday pallet.

Take a few minutes to plan your wardrobe for the cruise by visiting the following sites. For up-to-date weather information, visit www.weather.com.

The weather changes from year to year but nevertheless, it is winter so prepare for all conditions. Dress in layers...hat, gloves and warm feet. Consider a pair of warm boots or a thin pair of rubber boots in case there is snow or slush to walk through. They weigh little and take up almost no luggage space.

If it gets too cold at the Christmas markets, stop for a cup of gluhwein or pop into a nearby beerhall to soak up the warmth and perhaps a bier.

Check out www.wunderground.com for up to date predictions as well as historical data for you destination.

Although during this time of year, the days are shorter, most Christmas markets continue the festivities well into the evening. Check sunrise and sunset times for your cities on www.timeanddate.com.

Internet Access

All Avalon ships in Europe have complimentary 3G WI-FI available for in-room use, as well as public computers with Internet connections. To access the ship's Wi-Fi network, you will be given a PIN number at the reception to use on your laptop, tablet, or mobile device to access the Internet.

Packing Tips

Packing Tips: Of course, a scarf is mandatory, it looks chic and turns a daytime outfit into evening easily. Take only what you need; don't over pack. A river cruise is casual. Save room for souvenirs and purchases. Pack flat and full to avoid wrinkling. Bring wardrobe basics; mix and match around one or two colors. Don't pack anything valuable, fragile or perishable. Label your luggage with an outside tag, and place an identification card inside each suitcase.

Essential Items for a Winter River Cruise: We highly recommend that you bring the following items.

- A smile and an open minded attitude
- Binoculars for best sightseeing while cruising
- Warm coat (wind-and rainproof outer shell), scarf, hat and gloves
- A good, comfortable pair of broken-in walking shoes
- Warm boots with Goretex lining or Lightweight rubber boots for slushy days
- Several pair of warm, woolen socks
- Bring a good supply of hand and toe warmers (available at Wal-Mart).
- A pair of shoes for restaurants, evenings on the town (ship is casual)
- Collapsible umbrella and/or lightweight raingear.
- Sunglasses
- Toiletries: all your daily essentials.
- Prescription medications: sufficient supply for the entire trip plus legible written prescription in case of loss. Keep medications in their original, labeled container. Always pack your medications in your carry-on bag!
- Eyeglasses, contacts, contact lens solution. You may want to bring along a written prescription for your eyewear in case of loss.
- Over the counter medications: cold remedy, aspirin/pain reliever, antacid/stomach upset remedy, Band-Aids, money or other anti-bacterial medication.
- Travel alarm clock with illuminated face, especially for guests in an inside cabin.
- Small, Swiss Army type utility knife. Remember to pack this in your checked luggage!
- Travel journal/notepad and reading material.
- Home address book for sending postcards. A useful tip to avoid bringing your entire address book is to pre-write names and addresses of people to whom you want to send postcards on sheets of self-adhesive labels. It saves time and space in your luggage.
- Small, basic sewing kit with a few extra buttons. Remember to pack scissors in your checked bag!
- Photography Equipment: Bring a sufficient supply of film and extra batteries.

Currency

The currency used throughout the cruise is the Euro (in port) and US Dollar (onboard). Exchange rates fluctuate often. You may find the current exchange rates in the financial sections of newspapers and on the Internet. You may also find a number of websites by typing "foreign exchange rates" in your search engine. Two specific websites are: xe.com and Money.com.

Currency Exchange: Many locations will accept major credit cards, but for incidentals and small vendors you will need some local currency. ATM machines will dispense local currency for

internationally accepted ATM cards and/or credit cards. They are usually conveniently located in large cities, but are limited in smaller towns and rural areas. You may exchange cash and traveler's checks for local currencies at hotels, banks and exchange bureaus. Banks no longer make change in many European countries.

Credit Cards: Your credit card will be accepted to settle your incidentals bill at all hotels and in major shops, restaurants and aboard the Tranquility II.

Credit Cards

It is recommended to notify your bank or credit card company prior to your departure with information on your travels. The number to call for this notification can usually be found on the back of your credit card. We recommend that you contact them with your travel information in advance to prevent any denied payments or fraud holds on your account. In addition, we recommend that you bring an overseas contact number for your bank or credit card company, in case you require any assistance while traveling; or bring a photo copy of the front/back of your card.

While major credit cards are generally accepted by shops and hotels throughout the world, you may encounter stores or restaurants that require a minimum charge for using them. Be sure to take more than one credit card, as some outlets may not accept all cards. Also make certain that your card's expiration is valid for your entire vacation. In addition, be prepared to present photo identification such as a driver's license or passport. Shops, restaurants, and bars in some small villages may not accept credit cards at all. Therefore, it is wise to always carry a small amount of cash.

Please remember that your credit card purchases, will be charged in local currency by the vendor. Your credit card company will then convert the charges based on the exchange rate they implement and may charge a fee for doing such. Please verify with your credit card company in advance to disclose any international fees that they may charge for purchases abroad.

Cuisine

All meals onboard are prepared by accomplished chefs and consist of local food adjusted for North American tastes. There is a full buffet breakfast, and in Europe a buffet lunch including choice of soups and main courses with appetizer, salad or sandwich, and dessert. Dinner is a multi-course meal with a choice of entrées.

In addition to daily breakfast, lunch, and dinner, your ship's crew also makes available to you Afternoon Tea, featuring tea, coffee, and sweet treats, and Night Fare, which is served at 10:30 p.m.

Dietary Requirements

We know that some travelers may have specific dietary requests. Unfortunately, dietary requirements may not be guaranteed on Avalon Waterways vacations. They will make their best effort to accommodate your requests, but aboard ship, as well as in hotels and restaurants, they may not be able to manage specific diet requirements. If you provided STI with your dietary requirements in advance, we have notified Avalon Waterways with your request. We do

recommend that you also discuss these with your Cruise Director on the first day of your vacation.

Electrical Current

Electricity on board is 220v. The bathrooms have a dual 220v/110-120v plug for shavers and small appliances. You will need an adapter AND converter to use in other outlets in the stateroom for any small personal items such as a razor, curling iron, alarm clock, battery backup devices, cameras and phones.

Hair Dryers

All ships have hair dryers for passenger use; please ask at the reception desk if one is not in your stateroom.

Laundry

Laundry services are available on board for a modest fee. Check the price list in your stateroom. Dry cleaning is not available on board. For safety reasons, we ask that passengers do not iron their clothes in the staterooms, as this is a safety hazard; the laundry service will do pressing for a fee.

Smoking

In Europe, all ships have non-smoking interiors. Smoking is only permitted on the Sky Deck.

Your Shipboard Account

For your convenience, all purchases and paid services onboard are billed with a guest check and added to your personal shipboard account.

Gratuities for Avalon Staff

All gratuities for the Cruise Director and Avalon Crew Members are included in your package price!

It is our responsibility to report every incident of concern to protect the safety and well-being of all members of our group. Singles Travel International is not responsible in any way for the outcome resulting in the cruise line or tour company decision to alter or terminate the vacation of one of our members. Singles Travel International will not refund or cover any cost or expenses incurred for termination of vacation arrangements as a result of that decision.
